

LayBond All

Multipurpose Bonding Agent

PRODUCT DESCRIPTION: LayBond All is a PVA based latex that is used as a multi-purpose high strength bonding agent. It adheres strongly to most Cementitious, wooden, felts, carton and other surfaces.

USES: Interior laying of new concrete on old concrete. Also used as wood adhesive and packaging adhesive.

ADVANTAGES: LayBond All is a ready-to-use bonding agent. LayBond All can also be used as a surface primer.

LIMITATIONS: Not compatible with other admixtures. Do not use during freezing weather. Do not use in areas that are submerged with water.

COMPOSITIONS AND MATERIALS: Poly Vinyl Acetate latex and modifying agents

PACKAGING: Packaged in 20 kg drum.

APPLICABLE STANDARDS: LayBond All meets or exceeds ASTM and ANSI standards.

TECHNICAL DATA: LayBond All performs equally well on porous and non-porous surfaces. LayBond All is non-staining and water washable. Drying time depends on film thickness.

INSTALLATION:

Surface Preparation: All surfaces must be clean and free of dust, grease, sealants and foreign matter.

Application: Apply with a suitable brush on both surfaces that need to be bonded together.

Precautions: Avoid contact with skin. In case of contact wash thoroughly with water. For eyes, get medical attention. Keep out of reach of children.

Cleaning: Wash with water.

Storage Life: One year if stored in cool, dry location. Close partially used containers tightly.
